

Hill Avenue Homes

Creating Community
A New Pocket Neighborhood

POCKET NEIGHBORHOODS

THE NOT SO BIG HOUSE

COURTYARD VIEW

Definition - Pocket Neighborhood :

“...a cohesive cluster of homes gathered around some kind of common ground within a larger surrounding neighborhood.”

- Ross Chapin, Architect and Author

Pocket Neighborhoods – Creating Small-Scale Community in a Large Scale World

“The key to the success of the neighborhoods is that they are designed first and foremost for people rather than for automobiles.”

~ Sarah Susanka

“It is the opportunities for informal interactions that provide the roots for true community to flourish.”

~ Sarah Susanka

*How do we create vibrant healthy communities
with a sense of belonging?*

Design Principles:

- Creating Community - The Importance of the Spaces Between the Buildings
 - Multiple Spaces for Interaction
 - Central Courtyards
 - “Real” Porches
 - Parking De-emphasized’
 - Common Room

Design Principles:

- Connection to the Surrounding Neighborhood
 - Street Improvements / Traffic Calming
 - Heritage Tree Retention
 - Design with existing topography
 - Two – Story Homes

Design Principles:

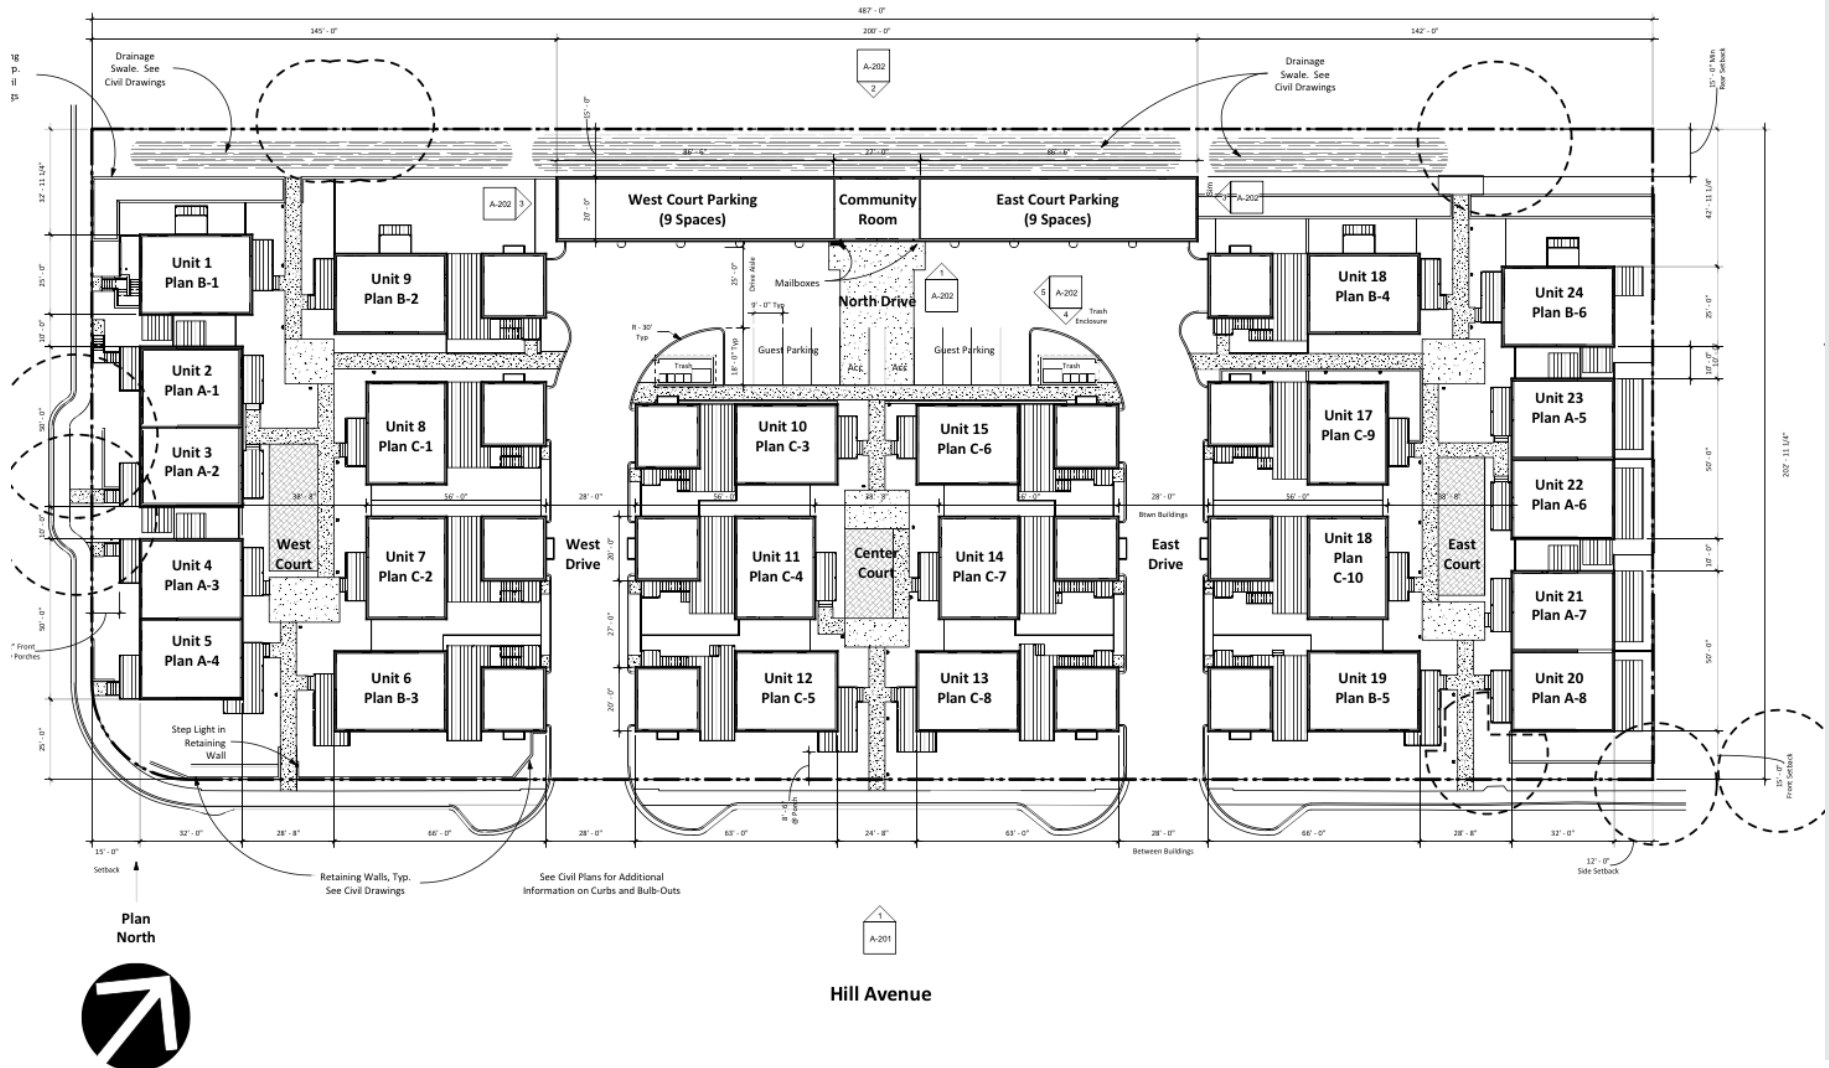

- Adaptability / Resilient Design
 - Ground Floor Bedrooms and Baths
 - Above Garage Space
 - Open Floor Plans
 - Connections to Outdoor Living
